SUMMARY

I am a motivated and detail-oriented Computer Science Engineering student with a strong background in programming, frontend development, and database management. I thrive on problem-solving and continuous learning, seeking part-time remote opportunities to further enhance my technical and communication skills while making meaningful contributions to projects and teams

EDUCATION

Bachelor of Engineering (Computer Science Engineering)

PES Institute of Technology and Management

📅 08/2023 - 05/2028 📍 Shivmogga

STRENGTHS

Technical Skills

Possessing strong foundational knowledge in programming and frontend development

Soft Skills

Ability to work collaboratively and strong problem-solving skills

KEY ACHIEVEMENTS

Academic and Hackathon Engagement

Maintained strong academic performance with a CGPA of 8.8 and actively participated in hackathons
